

11 December 1967

MEMORANDUM FOR THE RECORD

Morning Meeting of 11 December 1967

25X

DD/I reported that the 8 December OXCART flight readout is available. The Director said that, since another flight went on 9 December, a report should be issued on the results of both flights.

Godfrey reported that with respect to Yemen the Soviet air strikes appear to have stabilized the situation in Sana. Godfrey also commented that there are indications the royalists may now attempt to bring pressure to bear on Hodeida.

Kent reported that ONE is preparing an Estimate of Soviet intentions in Yemen.

Houston drew attention to the Supreme Court's denying certiorari in a case involving Philco's internal security system.

Bross called attention to an article by Lewis Halle in the current issue of Encounter in which, because of the Soviet position in the Middle East, Halle reverses his previous position that the Cold War ended with the successful resolution of the Cuban missile crisis.
